K|KOLK LAMPS BASIC RANGE

Philosophy Basic Range:

One of the most difficult parts of the buying process these days is the OS&E part.

With our 25 years of experience in OS&E, we have developed an extensive range of quality lamps for situations where the budget for table decoration is limited.

All our lamps are subject to our strict quality control standards and are manufactured in Germany.

Only the electronic parts are manufactured outside of Germany, if necessary.

Contact us to find the right lamp at the right price.

When you need rechargeable table lamps, remember one name: K|Kolk

Over 750 colour-and-design options with the unique K|Kolk “edel decor system”.
